About Asset Match Limited

Asset Match, the stock market for private companies, operates a leading online platform for trading shares in private, unquoted securities. Authorised as a PISCES operator and regulated by the Financial Conduct Authority, Asset Match was established in 2012 and has become a trusted partner to a multitude of private companies, advisors, brokers and investors. The Asset Match model is to create secondary liquidity via periodic auctions where a live order-book is displayed throughout, and a non-discretionary algorithm creates a single clearing price. The platform has facilitated over £170m of secondary transactions since inception.
