Board Appointments

“John Walter and Mark Atkinson have joined the board to continue with the strategy outlined in February. Namely, to continue with the orderly wind-down of the Group’s assets, in consultation with FRP Advisory, and to the return of cash to shareholders.

The Board is encouraged by the progress to date and looks forward to updating investors in due course in respect of the estimated returns which may be available to them as part of the wind-down.

We want to thank Chris Potts and Mark Butcher for their hard work and professionalism”.
