CAPTAIN'S UPDATE

2015 was another fantastic year for BrewDog as we continued on our mission to make other people as passionate about great craft beer as we are.

As well as being a great year in its own right with very solid growth and profitability, 2015 was also all about laying the foundations for our next five years of future growth. Over the last 12 months we have invested heavily in the brewing capacity, the infrastructure and the personnel to enable us to really put a dent in the world of beer.

We have invested over £20m in our Elton brewery as we have increased our brewing capacity from 200,000 HL per year to one million HL per year, giving us the beer making capacity to meet our projected growth. In addition we are investing over \$25m in Columbus Ohio building a state of the art brewery there which will be ready in September 2016 to enable us to meet the demand for our beers in what is the world's largest and fastest growing craft beer market.

We also opened 16 new bars in 2015 including amazing sites in London, Barcelona, Hong Kong, Rome and our hometown of Aberdeen. 2015 also saw us really build out our senior team as we added

David McDowall as Retail Director, Allison Green as People Director and Luis Garrido as our COO. In addition, we built on our operating capabilities by installing SAP to help enable future growth.

We now employ over 580 people, ship our beers to over 60 countries around the world, operate 31 BrewDog bars in the UK and 45 globally and we have been the fastest growing food and drinks company in the UK for the last four years.

At BrewDog we believe in investing in the two things we care most about: our beer and our people. And these two things will continue to be our biggest priorities in 2016 and beyond.

HIGHLIGHTS OF 2015 INCLUDE

1 WE GREW OUR UK SALES BY 131%

Our flagship beer Punk IPA led the way here and this beer is now the biggest selling craft beer in the UK on-trade. Our UK sales team absolutely burned it up in 2015 and the 131% growth figure would have been even higher had we not been constrained by capacity.

2 WE BROKE THE WORLD RECORD FOR ONLINE EQUITY CROWD FUNDING

With Equity for Punks IV we have now raised over £14m, making it the most successful ever equity crowd funds raised in the world. We now have a community of almost 40,000 Equity Punk investors and we already have over 6,000 Equity Punks signed up to attend our AGM in April.

3 WE BREWED BORN TO DIE AND BLACK EYED KING IMP

We made some pretty special beers in 2015. Black Eyed King Imp is the highest ever rated UK beer on Untappd and Born to Die was a double IPA which caused a huge buzz in the beer world due to its intense hoppy flavour and 30 day shelf life. It was designed to encourage people to drink fresh beer! We also brewed 65 different beers in 2015.

4 WE THREW TAXIDERMIC CATS OUT OF A HELICOPTER

We flew a helicopter over central London and threw taxidermy cats out of it. The cats had parachutes. This helped us launch Equity Punks IV and received global media coverage.

5 WE OPENED AMAZING NEW BARS

We opened killer new BrewDog bars in London, Aberdeen, Glasgow, Barcelona, Stockholm, Brighton, Brussels and Rome giving beer drinkers more places to drink amazing beer.

6 WE KIDNAPPED THE PRESIDENT OF AB-INBEV AND FORCED HIM TO DRINK GOOD BEER

This did not actually happen. Although it is quite a good idea.

Craft Beer for the People!

Let's go 2016!

James

**ESTABLISHING THE
BREWDOG CHARTER**

OUR KEY STRENGTHS

OUR STRONG AND DISTINCTIVE BRAND

The BrewDog brand is synonymous with the craft beer revolution in Europe, the UK and beyond. We are now well established as the leading craft brewer in Europe and through edgy PR and social media focused marketing BrewDog's bark lives up to its bite.

OUR FLAGSHIP BEER, PUNK IPA

Punk IPA is the leading craft beer in the UK on-trade and the best selling craft beer in Europe. Punk IPA accounts for around 55% of our production and is growing at almost 140% per annum in the UK off-trade alone.

OUR NEWLY BUILT CAPACITY

We have invested huge amounts in building the capacity to service the projected demand for our beers. Our beers are the things we care most about in the world, so we are not going to let anyone else brew them for us! With our 2015 investments, our brewhouse capacity is now over 10 times our current sales, giving us a great platform for growth.

OUR GROWTH RATES & GROWTH POTENTIAL

We have been the fastest growing food and drinks company in the UK for the last four years and in 2015 we grew our UK sales by over 131%. In addition the craft beer category overall is growing at over 30% in a declining beer market. The beer industry is changing quickly, and we are determined to be the catalyst for further change.

OUR EXPERIENCED FOUNDER LED TEAM

We have a brilliant executive team, led by the founders which includes some outstanding seasoned industry professionals.

OUR EQUITY PUNK COMMUNITY

We have a community of just over 40,000 Equity Punk Investors. They are advocates, ambassadors, our best customers and the heart and soul of our business.

STRONG AND DIVERSE CUSTOMER BASE

We have long established relationships with a fantastic network of importers and distributors internationally as well as on-trade and off-trade customers in the UK. Our customer base is also very diverse with no customer accounting for more than 10% of our production volume.

OUR SOLID PROFITABILITY

Our rapid growth has been underpinned by a solid profitability that has seen us generate strong profits which we have continued to reinvest into the two things we care most about: our beer and our people. Thus fuelling further growth.

OUR BREWD OG BARS

We now have 45 BrewDog bars all over the planet. As well as accounting for 9% of the beer we brew they also provide a beacon for craft beer and really help us grow our brand and connect with our customers.

OUR KEY STRENGTHS — ANNUAL REPORT & ACCOUNTS |

STRENGTH AND GROWTH OPPORTUNITIES

The craft beer category is growing rapidly both in the UK and overseas. The US leads the way here with craft beer on track to be 20% of total beer volume in the US by 2020 and the craft beer boom from the US has now spread to Europe and parts of Asia and South America.

The main challenge for BrewDog in terms of growth has been keeping up with the ever increasing demand for our beers. We grew our UK sales by 131% in 2015 but this number would have been higher had we been able to meet the demand. However we have made significant investments in the last 12 months, both in the UK and overseas, to give us massive increases in capacity which should stand us in great stead for years of sustained growth.

In addition to the capacity shown in this chart, we also have a brewhouse with an annual capacity of 400,000 HL coming online in Columbus Ohio in August 2016.

At our Ellon brewery we have installed a high speed state of the art canning line to work alongside our high speed bottling line. In addition we are in the process of commissioning a new 300 HL brewhouse which will be online in April 2016 which will increase our Ellon brewing capacity fivefold.

We are also building a new brewery in the US which will be located just outside Columbus, Ohio. The US is the world's biggest and fastest growing craft beer market. We have a huge reputation there

and the new brewery will enable us to meet the US demand. We already have contracts in place with distributors in 15 states who are ready and waiting for our first beers to roll off the bottling line in Columbus.

As well as expanding our brewing capabilities we are also adding to our bar network. We have already opened in Hong Kong and Clerkenwell (London) in the last couple of months and we have new locations secured in Berlin, Warsaw, Amsterdam, Southampton, Himmerton (London), York and Malmo.

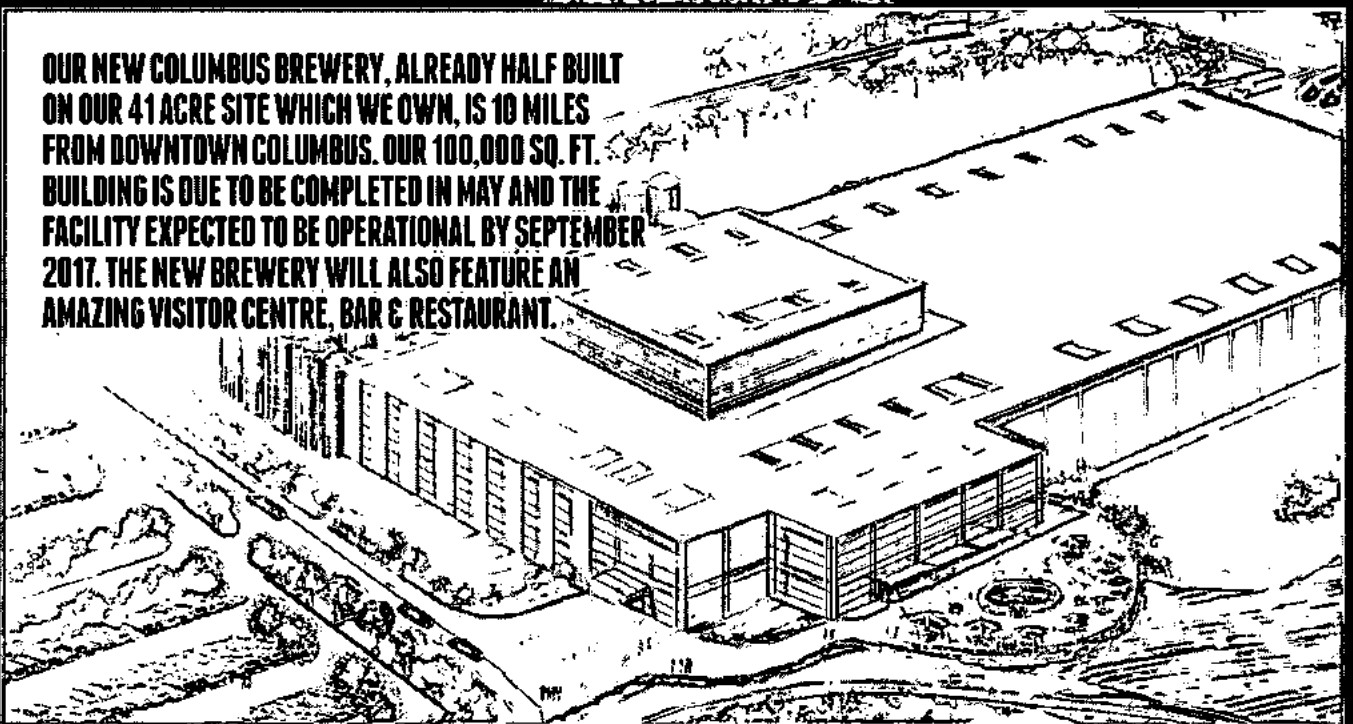

OUR BREWERIES

LOCATED IN RUGGED NORTH EAST SCOTLAND OUR ELLON HQ BREWERY IS ONE OF THE MOST TECHNOLOGICALLY ADVANCED AND ENVIRONMENTALLY FRIENDLY BREWERIES IN THE WORLD. COMPLETED IN 2013 WE HAVE BEEN CONSTANTLY EXTENDING THE SITE AND ADDING CAPACITY EVER SINCE.

OUR NEW COLUMBUS BREWERY, ALREADY HALF BUILT ON OUR 41 ACRE SITE WHICH WE OWN, IS 10 MILES FROM DOWNTOWN COLUMBUS. OUR 100,000 SQ. FT. BUILDING IS DUE TO BE COMPLETED IN MAY AND THE FACILITY EXPECTED TO BE OPERATIONAL BY SEPTEMBER 2017. THE NEW BREWERY WILL ALSO FEATURE AN AMAZING VISITOR CENTRE, BAR & RESTAURANT.

FINANCIAL REVIEW

FOR THE YEAR ENDED 31 DECEMBER 2015

| | YEAR ENDED 31 DECEMBER 2015 £000 | YEAR ENDED 31 DECEMBER 2014 £000 |
|------------------------|--|--|
| Revenue | 44,730 | 29,615 |
| Cost of sales | (27,776) | (18,158) |
| Gross Profit | 16,954 | 11,457 |
| Overheads | (14,113) | (7,778) |
| Other operating income | 329 | 174 |
| EBITDA | 4,892 | 4,908 |

REVENUE

In 2015 we grew strongly with our overall revenue up 51% on 2014. However, if we had the capacity to meet the demand for our beers the growth % would have been much higher. As well as growing at 51% 2015 was all about putting the capacity, people and infrastructure in place for our next five years of sustained fast growth and we are now in a position where we have 1.5 million HL of brewhouse capacity. To put this in perspective our 2015 output was 134,000 HL so we now have capacity to burn! In addition, brewing on our bigger system in Ellon in 2016 should have a significant and positive impact on our 2016 gross margin as we are able to brew our beers more efficiently.

OVERHEADS

Our overheads grew slightly faster than our overall revenue as we focussed on building a team and putting an infrastructure in place to match our ambitions as we continue to grow. We added three experienced new directors to our executive team, installed SAP, built a new 4000m² warehouse and opened 16 new bars taking our total number of bars to 45 globally. We also expanded our offices and opened new offices in Glasgow and London as well as starting to build our state of the art new brewery in Columbus Ohio.

EBITDA

We are very pleased that despite our strong growth and massive investment in future growth in 2015 we still generated a very healthy trading profit which was comparable to our 2014 trading profit number. The plan is to continue to invest all profit into fuelling further growth as we continue to invest in our beer and our people. We have been a high growth company since we started, but that high growth has always been underpinned and driven by solid profitability.

BREWDOG MANAGEMENT TEAM

JAMES WATT
Captain & Co-founder

James was a fully qualified deep sea Captain, having earlier completed an honours degree in Law & Economics. He traded in being a salty sea dog to become a BrewDog in 2007, pursuing his passion for great craft beer by setting up the company with Martin Dickie. James was awarded Great British Entrepreneur of the Year in 2014, and was Europe's first Master Cicerone.

MARTIN DICKIE
Beer Pirate & Co-founder

Martin Dickie has a first class honours degree in Brewing & Distilling from Heriot Watt University. He's a renegade artist on a mission to change people's perceptions about beer and challenge that taste-turfs.

Along with James, Martin hosts the hit international TV show BrewDogs.

DAVID MCDOWALL
Retail Director

David joined BrewDog from C1 Group PLC, where he held the position of Group Operations Director for six years. He has experience managing over 60 sites in Scotland and heading up a team of over 2000 employees, and is now responsible for overseeing the strategic growth and management of the BrewDog bar division.

NEIL SIMPSON
Finance Director

Neil Simpson joined BrewDog in August 2012 bringing with him over 20 years of experience, 10 of which were at partner level, advising and acting for a wide variety of businesses through the Ritson Smith accountancy practice. Neil is a qualified chartered accountant with the Institute of Chartered Accountants in Scotland.

ALLISON GREEN
People Director

Alli joined BrewDog from S&M Retail (a FTSE 250 listed company) at the beginning of 2016 with the brief to make BrewDog the best employer ever. She is on a one-woman mission to convert rural Aberdeenshire pubs to stock Jack Hammer at all times.

GARETH BATH
Director of Sales

Gareth Bath has a great track record of delivering success to innovate and entrepreneurial brands in market leading global businesses. Before joining BrewDog Gareth was State Sales Manager for Red Bull in Australia. Gareth has been heading up BrewDog sales since 2014 and with the help of his team has delivered phenomenal growth as our sales have skyrocketed.

LUIS GARRIDO
Chief Operations Officer

Luis has over 20 years' operational experience in the drinks, FMCG and energy industries. An operations veteran, BrewDog's aim to be the best employer ever is his perfect job description.

OUR BARS

BrewDog bars are places where you can indulge in everything that is great about craft beer. Our amazing staff are knowledgeable and passionately evangelical when it comes to craft beers and we pride ourselves on showcasing only the best, most exciting and flavoursome craft beers that we can get our paws on from all over the planet.

Our bars serve as key focal points in the craft beer revolution as we continue our mission to share the passion we have for everything craft beer.

NOTES TO THE FINANCIAL STATEMENTS

At 31 December 2015

1. GENERAL INFORMATION

The consolidated financial statements of BrewDog PLC and its subsidiaries (collectively, the group) for the year ended 31 December 2015 were authorised for issue by the Board of Directors on 25 March 2016. The company is incorporated in the United Kingdom under the Companies Act 2006.

2. BASIS OF PREPARATION

Statement of compliance

The consolidated financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and applied in accordance with the provisions of the Companies Act 2006.

For all periods up to and including the year ended 31 December 2014, the group prepared its financial statements in accordance with United Kingdom generally accepted accounting principles (UK GAAP). These financial statements for the year ended 31 December 2015 are the first the group has prepared in accordance with IFRS. Refer to Note 24 for information on how the group adopted IFRS.

The consolidated financial statements have been prepared on a historical cost basis, except for other non-current financial assets that have been measured at fair value. The consolidated financial statements are presented in sterling and all values are rounded to the nearest thousand (£000), except otherwise indicated.

The group has elected to take the exemption under section 408 of the Companies Act 2006 not to present the company income statement. The profit recorded by the company for the year was £4,318,000 (2014: £2,759,000).

Basis of consolidation

The group financial statements incorporate the financial statements of the company and entities controlled by the company. Control is achieved where the company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The financial statements of the subsidiaries are prepared for the same reporting period as the company, using consistent accounting policies. All intra-group assets and liabilities, equity, income, expenses and cashflows relating to transactions between members of the group are eliminated in full on consolidation.

3. ACCOUNTING POLICIES

New standards and interpretations

The following standards and amendments and interpretations to existing standards have been published and are mandatory for the group's accounting period beginning on or after 1 January 2015 or later periods, but the group has not early adopted them:

- IFRS 15 Revenue from Contracts with Customers
- IFRS 16 Leases

It is not anticipated that the application of these standards and amendments will have any material impact on the group's financial statements, however the group is still looking at the impact of IFRS 15 and IFRS 16 given they are new standards still subject to interpretation. The group plans to adopt the amendments to these standards when they become effective.

Cash and cash equivalents

Cash and short-term deposits in the balance sheet comprise

cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purpose of the cash flow statement, cash and cash equivalents are as defined above and net of outstanding bank overdrafts.

Property, plant and equipment

Tangible fixed assets other than land are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Land not provided

Buildings 2% on cost

Long-term leasehold property over lease term

Plant and machinery 10 - 25% on reducing balance and 33 - 50% on cost

Computer equipment 33% on cost

Fixtures and fittings 25% on cost

Motor vehicles 25% on reducing balance

Assets under construction not provided

Certain brewing equipment, included within plant and machinery, is depreciated at 10% on reducing balance method and has been allocated a residual value of between 10% and 55% of cost, dependant on the tank's use.

Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is recognised in the statement of profit or loss when it is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of comprehensive income in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed

NOTES TO THE FINANCIAL STATEMENTS CONT...

annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of comprehensive income when the asset is de-recognised.

Non-current financial assets

Fixed asset investments are shown at cost less any provision for impairment.

Investments in associates

Investments in associates are accounted for using the equity method. The consolidated statement of comprehensive income includes the group's share of associate's profit less losses while the group's share of the net assets of the associate is shown in the consolidated statement of financial position.

Revenue recognition

Revenue comprises revenue recognised by the group in respect of goods and services supplied during the year, exclusive of value added tax and trade discounts but inclusive of excise duty. Revenue is recognised in the financial statements when the risks and rewards of owning the goods have passed to the customer and when cash has been received or is receivable.

Cost of sales

Cost of sales comprises brewery and warehouse maintenance costs.

Taxation

Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted by the balance sheet date.

Income tax is charged or credited directly to equity if it relates to items that are credited or charged to equity. Otherwise income tax is recognised in the statement of comprehensive income.

Deferred income tax

Deferred income tax is recognised on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, with the following exception:

- Deferred income tax assets are recognised only to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, carried forward tax credits or tax losses can be utilised.

Deferred income tax assets and liabilities are measured on an undiscounted basis at the tax rates that are expected to apply when the related asset is realised or liability is settled, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currency translation

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates of monetary assets and liabilities denominated in foreign currency are recognized in the statement of comprehensive income. The principal foreign currencies used by the group are US dollars (\$) and Euro (€).

Research and development

Research and development expenditure is written off in the year in which it is incurred.

Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, which it is intended to compensate, are expensed. Where the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

Leases and hire purchase

Assets obtained under hire purchase contracts or finance leases are capitalised in the statement of financial position. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the statement of comprehensive income over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the statement of comprehensive income on a straight line basis over the period of the lease.

Financial assets

Financial assets are recognised when the company becomes party to the contracts that give rise to them and are classified as financial assets at fair value through profit or loss or loans and receivables, as appropriate. The company determines the classification of its financial assets at initial recognition and, where allowed and appropriate, re-evaluates this designation at each financial year-end. When financial assets are recognised initially, they are measured at fair value, being the transaction price plus, in the case of financial asset not at fair value through profit or loss, directly attributable transaction costs.

De-recognition of financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired; or
- the company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
- the company has neither transferred nor retained substantially all the risks and rewards of the asset, but had transferred control of

the asset, or

- the company has transferred substantially all the risks and rewards of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred of the asset, the asset is recognised to the extent of the company's continuing involvement in the asset. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Impairment of financial assets

The company assesses at each balance sheet date whether a financial asset or group of financial assets is impaired.

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the company will not be able to collect all of the amounts due under the original terms of the invoice. The carrying amount of the receivable is reduced through use of an allowance account. Impaired debts are derecognised when they are assessed as irrecoverable.

Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for, as follows:

Raw materials:

- Purchase cost on a first-in, first-out basis.

Finished goods and work in progress:

- Cost of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing costs.

Initial cost of raw materials includes the transfer of gains and losses on qualifying cash flow hedges, recognised in other comprehensive income.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs to sell.

Trade and other receivables

Trade receivables, which generally have 30-90 day terms, are recognised and carried at the lower of their original invoiced value and recoverable amount. Where the time value of money is material, receivables are carried at amortised cost.

Trade and other payables

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Loans

Loans are initially recognised at cost, being the fair value of the consideration received net of issue costs associated with the borrowing. Loans are subsequently measured at their amortised cost applying the effective interest rate method.

Finance charges on the loans are recognised as finance costs in the income statement.

De-recognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Where an existing

financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

Pension

The pension plan in place is a defined contribution plan. Pension contributions are charged to the income statement as an expense in the period to which the contributions relate. Once the contributions have been paid, there are no further payment obligations.

4. REVENUE

Revenue represents the invoiced amount of goods and services supplied, inclusive of excise duty, during the year. Revenue is recognised when the risks and rewards of owning the goods has passed to the customers. All items are stated net of value added tax and trade discounts.

The analysis by geographical area of the group's turnover is set out as below

| | 2015 | 2014 |
|----------------------|---------------|---------------|
| Geographical segment | £000 | £000 |
| UK | 33,416 | 19,891 |
| Europe | 8,605 | 7,468 |
| USA and Canada | 765 | 645 |
| Rest of the world | 1,944 | 1,611 |
| | 44,730 | 29,615 |

5. OPERATING PROFIT

This is stated after charging/(crediting)

| | 2015 | 2014 |
|--|-------|-------|
| | £000 | £000 |
| Depreciation of tangible assets | 1,722 | 1,055 |
| Loss on disposal of associate investment | - | 17 |
| Loss of disposal of tangible assets | 14 | - |
| Operating lease rentals | 1,318 | 779 |
| Fees payable to the group's auditor for the audit of the group's annual financial statements | 40 | 27 |
| Remuneration for non-audit fees | - | 99 |
| Research and development | 400 | 200 |
| and after crediting: | | |
| Government grants | 245 | 169 |
| Profit on disposal of tangible assets | - | 8 |
| Profit on disposal of unlisted investment | 642 | - |
| Profit on foreign exchange transactions | 91 | 59 |

NOTES TO THE FINANCIAL STATEMENTS CONT...

6. AUDITORS' REMUNERATION

The group paid the following amounts to its auditors in respect of the audit of the financial statements and for other services provided to the group.

| | 2015 | 2014 |
|-----------------------------------|------|------|
| | £000 | £000 |
| Audit of the financial statements | 40 | 27 |
| Audit related assurance services | 10 | - |
| Non audit fees | - | 99 |
| | 50 | 126 |

7. STAFF COSTS AND DIRECTOR'S EMOLUMENTS

| Staff Costs | 2015 | 2014 |
|-----------------------|--------|-------|
| | £000 | £000 |
| Wages and salaries | 9,104 | 5,716 |
| Pension costs | 67 | - |
| Social security costs | 858 | 680 |
| | 10,029 | 6,396 |

The above excludes directors' remuneration. The company makes contributions to a defined contribution scheme for all eligible employees up to a maximum of 1% of salary. Contributions are charged to the income statement as incurred.

The average monthly number of employees during the year was made up as follows:

| | 2015 | 2014 |
|----------------|------|------|
| | No. | No. |
| Directors | 5 | 6 |
| Administration | 67 | 32 |
| Production | 79 | 60 |
| Bar staff | 252 | 179 |
| | 403 | 277 |

| Director's remuneration | 2015 | 2014 |
|-------------------------|------|------|
| | £000 | £000 |
| Director's remuneration | 649 | 451 |
| Pension contributions | 5 | - |
| | 654 | 451 |

8. FINANCE COSTS

| | 2015 | 2014 |
|---------------------------|------|------|
| | £000 | £000 |
| Bank loans and overdrafts | 169 | 87 |
| Hire purchase interest | 144 | 122 |
| Bond interest | 13 | - |
| Total finance costs | 326 | 209 |

9. INCOMETAX

| a) Income tax on profit on ordinary activities | 2015 | 2014 |
|--|------|-------|
| | £000 | £000 |
| UK corporation tax on the profit for the year | 134 | 456 |
| Total current income tax | 134 | 456 |
| Amounts (over)/under provided in previous years | (71) | 50 |
| Total current income tax | 63 | 506 |
| Deferred income tax: | | |
| Origination and reversal of temporary differences | 652 | 481 |
| Deferred tax adjustments in previous periods | 34 | 14 |
| Total deferred income tax charge | 686 | 495 |
| Income tax charge in the group statement of comprehensive income | 749 | 1,001 |

| b) Reconciliation of the total income tax charge | 2015 | 2014 |
|--|-------|-------|
| | £000 | £000 |
| Profit from continuing operations | 3,477 | 3,651 |
| Tax calculated at UK standard rate of corporation tax of 20.25% (2014 – 20%) | 704 | 730 |
| Expenses not deductible for tax purposes | 81 | 38 |
| Other fixed asset related movements | 238 | 243 |
| Other timing differences | (5) | 7 |
| Tax (over)/under provided in previous years | (71) | 50 |
| Change in tax laws and rate | (129) | - |
| Reduction for R&D expenditure | (104) | (53) |
| Non-taxable income | (151) | (17) |
| Unrecognised tax losses in other jurisdictions | 56 | - |
| Chargeable gains | 130 | 3 |
| Income tax charge in the group statement of comprehensive income | 749 | 1,001 |

The income tax expense above is computed at profit before taxation multiplied by the effective rate of corporation tax in the UK of 20.25% (2014: 20%)

c) Deferred income tax

The deferred income tax included in the statement of financial position is as follows:

| | Group 2015 | Group 2014 | Company 2015 | Company 2014 |
|---|--------------|------------|--------------|--------------|
| | £000 | £000 | £000 | £000 |
| Deferred tax liability | | | | |
| Temporary differences relating to property, plant and equipment | 1,331 | 638 | 1,250 | 658 |
| Deferred tax asset | | | | |
| Tax losses carried forward | 58 | 64 | - | - |
| Net deferred tax liability | 1,389 | 702 | 1,250 | 658 |
| Deferred tax in the income statement | | | | |
| Temporary differences relating to property, plant and equipment | 686 | 494 | 592 | 450 |
| | 686 | 494 | 592 | 450 |

Bank loans

£1,820,000 bank loan

This fixed rate loan is in the name of the parent company, originally for a maximum of £1,820,000 and is repayable by monthly instalments until October 2027.

£2,000,000 fixed rate loan

This fixed rate loan is in the name of the parent company, originally for a maximum of £2,000,000 and is repayable by monthly instalments May 2029. This loan is secured by a mortgage over the land and buildings.

£800,000 bank overdraft

This fixed rate loan is in the name of the subsidiary. It is a facility up to £800,000 and is available for the company to draw down as required. The facility will be reviewed at 30 June 2016 and is currently disclosed as repayable on demand until such time as it reverts to a time loan.

£5,000,000 bank loan

During the year the parent company drew down the loan, originally for a maximum of £5,000,000. The loan is repayable on demand. The facility will be reviewed at 30 June 2016 and is currently disclosed as current.

6.5% non-convertible bonds

In November 2015, the group issued £2,312,000 non-convertible bonds with a maturity in November 2019. The purpose of the bond was to finance expansion. The bonds were issued with an interest rate of 6.5%. Interest is paid bi-annually with subsequent repayment of £2,312,000 in November 2019.

The bank loans are secured by standing and floating charges over the assets of the group. In addition, there is an unlimited cross guarantee between BrewDog PLC and BrewDog Retail Limited.

19. CAPITAL COMMITMENT

| Group | 2015 | 2014 | At 1 January 2014 |
|---|--------|-------|-------------------|
| | £000 | £000 | £000 |
| Contracted for but not provided in the financial statements | 12,156 | 2,570 | 1,325 |

| Company | 2015 | 2014 | At 1 January 2014 |
|---|-------|-------|-------------------|
| | £000 | £000 | £000 |
| Contracted for but not provided in the financial statements | 2,115 | 2,570 | 1,325 |

20. OBLIGATIONS UNDER LEASES AND HIRE PURCHASE CONTRACTS

Obligations under finance leases and hire purchase contracts

The group uses finance leases and hire purchase contracts to acquire plant and machinery. These leases have terms of renewal but no purchase options and escalation clauses. Renewals are at the option of the lessee. Future minimum lease payments under finance leases and hire purchase contracts are as follows:

| Group and company | 2015 | 2014 | At 1 January 2014 |
|-------------------------|-------|-------|-------------------|
| | £000 | £000 | £000 |
| Not later than one year | 5 | 2 | 22 |
| In one to five years | 1,358 | 1,128 | 705 |
| | 1,363 | 1,130 | 727 |

Operating lease agreements where the group is lessee

The group has entered into commercial leases on certain land and buildings. These leases have an average duration of between 3 and 25 years. Only the property lease agreements contain an option for renewal, with such options being exercisable three months before the expiry of the lease term at rentals based on market prices at the time of exercise. There are no restrictions placed upon the lessee by entering into these leases.

Future minimum rentals payable under non-cancellable operating leases are as follows:

| Group | 2015 | 2014 | At 1 January 2014 |
|-------------------------|-------|------|-------------------|
| | £000 | £000 | £000 |
| Not later than one year | 60 | 17 | 7 |
| In one to five years | 48 | 70 | 49 |
| In over five years | 1,143 | 682 | 450 |
| | 1,251 | 769 | 506 |

| Company | 2015 | 2014 | At 1 January 2014 |
|-------------------------|------|------|-------------------|
| | £000 | £000 | £000 |
| Not later than one year | 9 | 17 | 6 |
| In one to five years | 30 | 24 | 33 |
| In over five years | 185 | 73 | - |
| | 224 | 114 | 39 |

| Issued Equity for Punks | 217 | 2 | 3 | - |
| At 31 December | 1,039 | 10 | 164 | 8 |

NOTES TO THE FINANCIAL STATEMENTS CONT...

During the year a resolution to reduce the share capital nominal value from 5p each to 1p each was passed.

During the year the company issued a further 216,822 Ordinary B shares to the public under its Equity for Punks IV crowdfunding initiative, of these 215,826 were issued with an issue price of £47.50 per share, the remaining 996 were issued with an issue price of £23.75. This created additional share premium of £10,271,417 in the year.

Both A and B Ordinary shares rank equally in terms of rights to receive dividends, rights to participate in a distribution of the assets of the company and voting at general meetings.

Equity for Punks members are entitled to certain additional rights in relation to product purchases and other membership benefits.

At the year-end £50,113 (2014 - £46,634) of share capital and share premium remains unpaid.

| Group and company | 2015 | 2014 |
|-------------------------|-------------------------------|-------------------------------|
| | Share premium account £000 | Share premium account £000 |
| At 1 January | 7,301 | 7,059 |

|--|------------------------|--------------------------------------|
| Director's loan | | |
| 2015 | - | 85 |
| 2014 | - | - |
| At 1 January 2014 | - | - |

Transactions with key management personnel:

Director's loan

Amounts due to directors are non-interest bearing and are repayable on demand.

Other directors' interests

During both 2015 and 2014, sales and purchases at normal market prices were made by group companies from JBW (77) Limited, a company controlled by one of the directors.

During both 2015 and 2014, purchases at normal market prices were made by group companies from JBW (Aberdeen) Limited, a company controlled by one of the directors.

During both 2015 and 2014, sales and purchases at normal market prices were made by group companies from Musa 77 Limited, a company controlled by one of the directors.

One director has a equity interest in Anchor Brewing Company. During 2015 and 2014, the group made sales at normal market prices.

24. TRANSITION TO IFRS

These financial statements, for the year ended 31 December 2015, are the first the group has prepared in accordance with IFRS. For periods up to and including the year ended 31 December 2014, the group prepared its financial statements in accordance with United Kingdom generally accepted accounting principle (UK GAAP).

Accordingly, the group has prepared financial statements that comply with IFRS applicable as at 31 December 2015, together with the comparative period data for the year ended 31 December 2014, as described in the summary of significant accounting policies. In preparing the financial statements, the group's opening statement of financial position was prepared as at 1 January 2014, the group's date of transition to IFRS. This note explains the principal adjustments made by the group in restating its UK GAAP financial statements, including the statement of financial position as at 1 January 2014 and the financial statements for the year ended 31 December 2014.

In the statement of financial position prepared in accordance with UK GAAP land was carried at market value. Under IFRS, the group has adopted a policy of measuring land at cost and not revaluation. The effect of this change was reduction of land at 1 January 2014 of £259,144.

INDEPENDENT AUDITORS REPORT

to the members of BrewDog PLC

We have audited the financial statements of BrewDog plc for the year ended 31 December 2015 which comprise group and parent company statements of financial position, the group statement of comprehensive income, the group and parent company statements of cash flows, the group and parent company statements of changes in equity and the related notes 1 to 24. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union and, as regards the parent company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITOR

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report and financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON THE FINANCIAL STATEMENTS

IN OUR OPINION:

- the financial statements give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2015 and of the group's profit for the year then ended;
- the group financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union;
- the parent company financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the UK Companies Act 2006.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes:

1. The maintenance and integrity of the BrewDog PLC web site is the responsibility of the directors; the work carried out by the auditors does not involve consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the web site.
2. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

DIRECTORS' REPORT

Registered No. SC311560

The Directors present their report and financial statements for the year ended 31 December 2015. These financial statements have been prepared under International Financial Reporting Standards as adopted by the European Union.

RESULTS AND DIVIDENDS

The profit after taxation for the year amounted to £2,728,000 (2014 - £2,651,000). No dividend has been paid or proposed (2014 - £nil).

REVIEW OF THE BUSINESS

The principle activity of the group continues to be that of brewing beer and operating bars. The results of the group show a pre-tax profit of £3,477,000 (2014 - £3,652,000) for the year and turnover of £44,730,000 (2014 - £29,615,000).

During the year the company transitioned from previously extant UK GAAP to IFRS (International Financial Reporting Standards), as issued by the IASB. Details of the recognition or measurement differences arising on the adoption of IFRS are included in note 24 to these financial statements.

FUTURE DEVELOPMENTS

See Captains report for strategy and growth opportunities.

DIRECTORS

The directors who served the company during the year were as follows:

C K Gregor

N A Simpson

M Dempster (resigned 30 October 2015)

A M Dickie

J B Watt

D McDowell (appointed 21 September 2015)

A D Green (appointed 4 January 2016)

G Bath (appointed 1 February 2016)

L G Garrido (appointed 15 February 2016)

GOING CONCERN

We have a reasonable expectation that the parent company and the group have adequate resources to continue in operational existence for the foreseeable future. Thus we continue to adopt the going concern basis in preparing these financial statements.

PRINCIPAL RISKS AND UNCERTAINTIES

We consider the key risks and uncertainties affecting the group to be the availability and cost of ingredients for our beers and the growing prominence of the craft beer market bringing with it more competition. In order to mitigate these risks and uncertainties, we continue to source quality hops and malt to brew our innovative beers and continue to look for opportunities to bring our beers to the wider public.

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The group's activities expose it to a number of financial risks including liquidity and credit risk.

Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the group uses a mixture of long, medium and short term debt finance. Forecasts are produced to assist management in identifying liquidity requirements and maintaining adequate reserves.

Credit risk

The group's financial assets are bank balances, and cash, trade and other receivables.

The group's credit risk is primarily attributable to its trade receivables for beer sales. The amounts presented in the statement of financial position are net of allowances for doubtful receivables. An

allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of cash flows.

The group's market is such that beer sales are concentrated towards a number of key customers. Credit risk is managed through maintaining good customer relationships and the monitoring of credit levels and settlement periods.

The credit risk on liquid funds is limited because the counter party is a bank with a credit rating assignment by international credit rating agencies.

DISABLED PERSONS

The group's policy is to recruit disabled workers for those vacancies that they are able to fill. All necessary assistance with initial training courses is given. Once employed, a career plan is developed so as to ensure suitable opportunities for each disabled person. Arrangements are made, wherever possible, for retraining employees who become disabled, to enable them to perform work identified as appropriate to their aptitudes and abilities.

EMPLOYEE INVOLVEMENT

The group's policy is to consult and discuss with employees at meetings any matters likely to affect their interests. Information on matters of concern to employees is given through information bulletins and communications which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the group's performance.

RESEARCH AND DEVELOPMENT

During the year the group continued to undertake research and development on new brewing methods and techniques.

DIRECTORS LIABILITY

The company has granted an indemnity to one or more of its directors against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision remains in force as at the date of approving the directors' report.

DISCLOSURE OF INFORMATION TO THE AUDITORS

So far as the directors are aware, there is no relevant audit information of which the group's auditors are unaware. Additionally, the directors have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the group's auditors are aware of that information.

By order of the Board of Directors

J B Watt

Director

25 March 2016

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom company law and those International Financial Reporting Standards (IFRSs) as adopted by the European Union.

Under UK Company Law the directors must not approve the financial statements unless they are satisfied that they present fairly the financial position, financial performance and cash flows of the group and company for that period. In preparing those financial statements the directors are required to:

- select suitable accounting policies in accordance with IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors and then apply them consistently;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the group and the company's financial position and financial performance;
- state that the company and group has complied with IFRSs, subject to any material departures disclosed and explained in the financial statements; and
- make judgements and estimates that are reasonable and prudent.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and company and enable them to ensure that the financial statements comply with the UK Companies Act 2006 and Article 4 of the IAS Regulations. They are also responsible for safeguarding the assets of the group and company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
